Why Aquatic Exercise?

- Whether you are new to exercise, or maximally fit, aquatic exercise is an excellent and diverse form of fitness training. This exercise form utilizes the resistant property of water to yield a challenging workout, with minimal impact on the joints.
- Classes are geared toward a range of ages and conditioning levels, in order to address individual fitness goals. Aquatic exercise is safe, fun, and effective! Use of buoyant equipment increases cardio-respiratory fitness, as well as muscular strength, toning, and flexibility.
- Classes are conducted in either a 4-foot deep pool (about chest deep or less) and/or the deep pool, using flotation belts. Aqua shoes are required. Dumbbells, ankle weights, flotation belts, and steps are provided. If you have not considered aquatic exercise please give us a try.
- Our instructors are certified by the Aquatic Exercise Association. Lifeguards are present during the class.

Parent Letter

Dear Parent,

I am pleased to welcome your child into the program. In order that the programs operate smoothly and all the children have a good and safe experience, there are rules in place to guide behavior. Your cooperation will be both expected and appreciated. The War Memorial is a very large building located on a very busy street, therefore children under the age of eight need to be accompanied by an adult. All class participants are required to sign in at the front desk and check in at the pool and gym (parents of young children may do the signing and checking in and siblings can come). Non-registered children and parents are not allowed access to these facilities. Please do not ask to speak to instructors, as they are not authorized to allow your child into a class after registration is complete. Check the registration information in the back of the brochure and you will find the final date for registration in children's classes listed. The only exception to that date will be people who are wait listed and notified at the last minute that a space is available.

Swim Rules

Parents are required to be in the pool during toddler/pre-school instruction. There must be one adult per child in this class. Parents of children in pre-school referral through level seven must sit in the balcony not on the deck. Please prepare your child in advance for this so your child has realistic expectations. Children who are not toilet trained must wear a diaper and rubber pants or a swim diaper in order to prevent defecation in the pool. If this happens the pool has to be closed for twenty-four hours to superchlorinate and allow for sufficient filtration, so the water quality is returned to an acceptable level. Please change your child in the locker room and not on the pool deck. Only participants are allowed in the pool during lessons. When a student's lesson is over, they need to leave the water. Please do not interrupt instructors while they are teaching. If you have comments or concerns about instruction or need information from the teacher please address your

questions to the swim school manager. All children will be screened for placement at their first class. The swim school manager and the staff assigned will make the determination as to appropriate level and group. Please do not request that your child be placed in an inappropriate level, as it is unsafe as well as non-beneficial. If you can not place your child in the correct level due to scheduling conflicts, it would make sense not to register them and wait for a more appropriate time.

Gym Rules

Parents not required to participate in class need to sit in the bleachers along with siblings. No children or parents not participating are to be on the gym floor as this causes a distraction as well as safety hazard. Let me suggest that if it is difficult to keep a sibling busy, you use the tot lot in good weather or the library as alternative space. No one, including class participants, is to use any gymnastics equipment without the permission of the instructors. Please take into account the significant risk involved when you do not cooperate. Please do not ask instructors to allow non-registered siblings into classes. No basketball playing, tennis practice or other type of activity is allowed in the field house or any other part of the building during classes. Please respect all the children's and teachers right to undisturbed instruction. No student is to remain for more classes than they have registered for. If you have questions please speak to the gym manager.

If you have questions or concern please call me, I will be happy to speak to you. I can be reached at 349-6237.

Sincerely,

Donna M. Cameron, Recreation Activities Manager

4) If your class is cancelled due to the weather or teacher absence it will be made up. Every effort will be made to hold the make-up on your regular class meeting day and to give you as much notice as possible.

5) All patrons of the War Memorial are expected to follow the rules when using the facility. Inappropriate behavior or offensive language will not be tolerated and will result in the suspension of facility privileges. Please remember you are a guest at the War Memorial.

6) The Recreation Division reserves the right to make changes in the schedule by either adding or deleting programs. This will be done to meet new program needs and at the discretion of the Recreation Activities Manager.

7) If the Cambridge Public Schools are closed due to inclement weather, all War Memorial Programs are cancelled. If a storm begins during the day or affects weekend programs, cancellations will be on WRKO Radio and channel 7 Storm Force. There will also be a message on 349-6279 and 349-6237.

8) The City of Cambridge, Recreation Division, does not discriminate on the basis of disability. The War Memorial will provide auxiliary aids and services, written materials in alternative formats, and reasonable modifications in policies and procedures to persons with disabilities upon request.

9) No one is allowed to use the War Memorial facility to teach private lessons and earn money doing so. All instruction provided here is through the Recreation Department.

Children:

1) No males over the age of 5 are allowed into the women's locker room, and likewise, females over the age of 5 are not allowed in the men's locker room.

2) Children under 12 will not be admitted into family swim if not accompanied by an adult. Children 13 and older will be allowed in without a parent. Failure to behave will require that a parent be there for future visits.

3) Adult lap swim is for adults 18 and older. Children can only use the lap pool for lap swimming during family swim hours.

4) Children 8 and under must be accompanied in the pool by an adult unless the child is a competent swimmer. This will be evaluated by the pool staff.

5) Children not toilet trained must wear rubber pants and diapers.

6) Please do not leave children in strollers unattended.

7) The only floatation devices allowed in the pool are US Coast Guard approved life jackets in

aiding your child to swim. If your child wears a life jacket you must accompany them in the pool. Bubbles, water wings/swimmies, and water tubes are not allowed.

To Our Pool Patrons:

All participants would like to benefit equally from using the pool for workouts. For this to occur in a productive way, all patrons need to behave in a considerate and cooperative manner towards each other. To help facilitate this as well as create a safe and more pleasant environment, some simple rules and premises are being established.

1) Speed of a lane is based on the fastest swimmer as well as the decision of management staff. If you are being lapped, you will be asked to move to a slower lane.

2) Kickboards and pull buoys may be used in any lane as long as you can keep up with the speed of the lane. Otherwise, you will be asked to move into a slower lane.

3) Circle swimming only, lanes may not be split. Swimmers should swim counter-clockwise regardless of how many people are in a lane.

4) Pool entry should be by pool ladders or by sliding in. Please do not jump or dive off ends as the pool is too shallow, and you may injure yourself as well as an on-coming swimmer.

5) Lifeguards and managers have the final say, and may revoke your swimming privileges if you fail to follow their directions.

6) If you are unsure of which lane is appropriate for you, please ask a guard for help.

7) If a guard requests that you switch lanes, please do not respond that you "have been swimming in that lane for years;" that is not relevant. The swimmer's speed is the measure of who belongs in a lane, and that varies on every visit.

8) Recreation patrons are not allowed off the diving blocks.

Thank you for your cooperation.

The following rules and regulation are required for the safety of all participants at the War Memorial Facility

- 2) Patrons are required to return all equipment to its proper location.

- 4) No glass containers are to be brought into the locker rooms or pool area.
- 5) All patrons need to leave the pool and locker room on time: Please be considerate of the staff as well as our commitment to the school department to live with our schedule.
